A Comprehensive View of Israel

TOPIC	EXPLANATION	NOTES
On the Big Picture	From the ascension of Jesus Christ to the establishment of Israel, the global ἐκκλησία ^{1a} simply had jurisdiction over its own people. The call of Israel is to be a light to the nations, but since the creation, the world has never witnessed such a time, meaning Israel's first era will be a brand new concept to everyone, including the Jews. The Jews will need to get saved first, which is en route now. Their ministry, described for us in detail from Ezekiel 40-48, will need to get set up. Israel, will, to an extent, have judicial power over the globe. ^{1b} At that point, for example, Israel may very likely decide to shut the globe down on Saturdays. The main purpose of making Israel a light to the nations is to help get the gospel to the ends of the Earth. ^{1c} Israel will not force the nations to come to Christ, but they will, to an extent, force the Gentiles to live as Jews. ^{1d}	Praise be to the God of Israel for the plan He has come up with, namely to have a nation that is unable to be toppled, sitting in the center of the Earth in order to get the gospel out to the nations. Folks! We are entering a new era, whereas the era we're coming out of is not too fond of forcing anything.
On the Purpose of Israel's Rise to Power	The ministry that Israel will be bringing to the peoples of the Earth, that is being a light to the nations, is in the process of getting set up. All the religious peoples of the Earth, when looking into the mirror, see themselves as servants of God, raising the question, "Who, in fact, is a servant of God?" While the Bible, God's only written revelation to mankind, does answer all the major questions of life, the Bible was written on a higher level, making for quite the challenge to interpret it. Even when multiple interpretations are presented, the question can be raised which interpretation is the correct one. God is invisible, but the Jews in Israel practicing Messianic Judaism as God's ambassadors will be in the visible world. Israel will have one king and one governing body, making for a unified Israel.	Young people asking the question, who is right, is not a question that spawns from the sin nature or intelligence. The question surfaces once the human brain reaches maturity because God has chosen to be invisible to us.
On Israel at its Zenith	Israel's call is to be a light to the nations, which thus far, has never happened, is getting set up right now. All of Israel will need to get saved to set up their religion in Israel before getting control of the globe. At Israel's peak, she will have the responsibility to issue regulations on a global level. Those countries that refuse to listen will get wiped off the face of the Earth. ^{1e} Once the nations learn who the boss is, Israel will be able to sit in the center of the Earth as a blessing to the nations.	I don't know what kind of influence Israel will have across the globe during the non-Israelis of God, but it won't be according to the same rule as the time of the Israelis of God.

This lesson should be supplemented with a full presentation of Ezekiel 36.

^{1a} ἐκκλησία, the Greek word for "church," includes the Messianic Synagogues and churches in Christianity. ^{1b} Isaiah 60:12; Jeremiah 12:16-17; Zechariah 14:16-19; ^{1c} Isaiah 49:6; Acts 13:47; ^{1d} Zechariah 14:16-19; Galatians 2:14; ^{1e} Psalms 149:6-9; Isaiah 60:12; Jeremiah 12:16-17; Zechariah 14:16-19

On Israel and Religion

TOPIC	EXPLANATION	NOTES
On the Wisdom of God in Ezekiel 36	It was nothing less than the wisdom of God who had Ezekiel 36 written and be fulfilled with literal, cut and paste prophecies in the world that can be seen, heard and touched. The Bible religions, Christianity and Judaism, making up billions of people today who all have various bents on doctrines that come out of the Bible, are incredibly diverse, and each one thinks they are the closest to God. Humanly speaking, bringing all these people together under one doctrine is an impossibility. Ezekiel 36, covering Israel's rise to power, is in the material world, meaning there is nothing to argue about.	When the apostles sought to prove that Jesus is the Messiah, they relied on the world, according to I John 1:1, that can be seen, heard and touched.
On Religion in Israel in the Present	At present, in terms of religion, there are three types of Jews: Orthodox Judaism, Messianic Judaism and the secular, with the present, dominant Jewish religion being Orthodox Judaism. The religion selected by God is Messianic Judaism. Some enter Messianic Judaism from Orthodox Judaism, others from the secular world, and some from the Christian side. The important thing is that they end up in Messianic Judaism because Jesus is the only Savior.	The time you live shapes your thinking. Each generation of religious people think they are serving God. There is a need for a nation to sit in the center of the Earth to lead by force.
On the Direction of Religion in Israel	In the early part of the 21st century, Israel is comprised of three kinds of Jews: Secular, Messianic, and those practicing Orthodox Judaism. Orthodox Judaism has been around for 1000s of years, with them not really gaining any ground across the planet. Orthodox Judaism not having control of Israel, let alone the globe, proves they are not the correct strand of Judaism. The small religion called Messianic Judaism will eventually sweep over all of Israel, which I cannot prove today, but what I can prove is that all of Ezekiel 36 is being fulfilled right now, with the overall direction based on the text first in Ezekiel 36-39 and then, Ezekiel 40-48. The Messianics will need to get control of Israel in order to set up their Jesus religion in Israel, resulting in eventually getting control of the globe.	Getting control of the globe obviously includes getting control of the ἐκκλησία. I'm of the persuasion the Messianics need to start getting control of the ἐκκλησία in my day.
On the Jews being Chosen of God	Everyone knows that the Jews have been chosen of God, but from the perspective of the Gentiles, it appears that they are generally off to themselves. It's time for them to take the lead in the scope of religion. Even if less progress is made in this generation, it will happen. It's only a matter of time.	Jew or Gentile, we must accept our lot in life.

Seeing the entire storyline in the Bible go through the Jews should be ample evidence that the religion of the Bible is Judaism, with Ezekiel 40-48 supporting this point.

On Some History of Israel

TOPIC	EXPLANATION	NOTES
Pre-1948	In the first century when the foundation of salvation in Christ and the New Testament were being established, it was meant to be that Israel was not going to be enjoying nation status, keeping the people from linking invisible salvation up to visible Israel. Israel will play an incredibly important role in human history, but there is no salvation in Israel. Only Jesus Christ can save.	Old Israel was rent in two after Solomon's death circa 930 BC, Israel was toppled in 722 BC by the Assyrians, and Judah got destroyed in 586 BC. ^{3a}
	The Holy Land started coming alive in the 19th century when the Jews began congregating there. It was clear that things were happening in the Holy Land. Israel has to be comprised of Jews. By 1948, 650,000 Jews had returned to Israel, preparing the way for Israel to get reestablished.	Whatever the case, Israel was not going to be enjoying nation status in the first century.
Regarding May 14th, 1948	Israel is comprised of Jews. Without Jews in the Holy Land, there is no Israel. The Jews began to congregate in Israel in the 19th century, preparing the way for Israel to be born on May 14th, 1948, the day David Ben-Gurion announced Israel's independence. ^{3b} To think of all the challenges and obstacles the Jews in Israel had in their early days or even today. The surrounding nations have wanted to wipe them off the face of the Earth, but Israel has only continued to get stronger by the year.	The British Mandate decided to cease occupation in the Holy Land, leaving a vacuum of power, enabling the Jews to announce independence on May 14th, 1948. Hooray for Israel!
On the Wars	Israel gets all kinds of flack for fighting all these wars in these nearly eighty years, but they had to fight these wars for the sole purpose of surviving. The Arabs have lost around 170,000 casualties, with Israeli losses totaling a mere 16,000.	The IDF has the word "defense" in it for good reason; they are known for defending, not instigating these wars.
On Obstacles to Israel's Rise to Power	Imposing sanctions, boycotting Israeli businesses, and calling for divestments only end up as a laughingstock. No obstacle will succeed! Never has there been a country with so much blessing in front of them. What obstacles there are are only perceived, temporary obstacles. We've witnessed nearly 80 years of Israeli presence in the world, and their success only keeps skyrocketing continually.	Once all the Jews are saved, the amount of crime committed in Israel will be at an all-time low, a miracle in its own right.
Can the Nation of Israel Fall?	The nation of Israel has been promised to exist into perpetuity. Whether the Jews are saved or lost, Israel will remain into perpetuity. An Israel of God is an Israel that God approves of. When the Jews are in tune with God's will, Israel will be the Israel of God. We already have proof that Israel can exist as a non-Israel of God because Israel in its present state is a non-Israel of God.	The Israel of God comes out of Galatians 6:16. Again, the Israel of God refers to the Israel that God approves of.

On Israel's Outlook

TOPIC	EXPLANATION	NOTES
On Israel's Location	God gave Israel the land in the center of the Earth. In the 21st century, Israel's land is in the corner of Europe, Asia and Africa. Since Israel's ministry will span the globe, it would only make sense that Israel would sit in the center of the Earth.	During the upcoming supercontinent, Israel will be landlocked, not surrounded by bodies of water.
On Orthodox and Messianic Judaism	The Judaism that practices Judaism based out of the Torah that includes Jesus is the correct strand of Judaism. The upcoming Judaism will include a temple with sacrifices, according to Ezekiel 44-46 and Hebrews 10:11, to serve as a reminder of the sacrifice that Jesus was to us, according to Hebrews 10:3.	The ministry of the priests in the book of Hebrews as it concerns the sacrifices has the verb in the present tense.
On the Application	TO ISRAEL: Jews must accept Jesus Christ as Savior. Those who are already saved must do the best job possible in the Torah Observant Movement. The more Torah Observant the better.	Media in the 2020s accepts all kinds of accusations against Israel. Then people gang up on Israel. The bottom line is that the Arab world has wanted to eradicate Israel since May 14th, 1948, not since the Gaza-Israel war. Then they use Israel's responses as a pretense to attack again.
	TO THE ARAB WORLD: If you want peace in this present day, then stop attacking Israel.	
	TO EVERYONE ELSE: Be supportive of Israel. As Israel continues to gain momentum and influence in the world, do not fight it. Further, even though Israel is only an icon in the news today, this will not always be the case. They will gain influence in the world, and as they do, accept their influence and follow them, when need be. Israel will, hands down, be the nation with the most power, the most influence, and the one with the longest history.	
On the Next 5–30 Years	The 30-year outlook is quite simple: More Jews to return to Israel, more Jews will get saved, and they will win more wars with flying colors. Economic indicators will only continually get better.	Admittedly, we are quite early into Israel's history.
On the Next 100–1000 Years	Let God choose the time of Israel's peak. At Israel peaks, all the Jews will believe in Jesus Christ, the temple will be built, with them practicing Messianic Judaism and with them controlling of the globe.	Israel will not gain control of the globe by vote. They will take it.
On the Distant Future	When the Jews are not leading in God's work in the Earth, the torch will fall onto the Gentiles, as in the time period called Christianity. Christianity, a strand of the Jesus religion with the Jew absent, is one of many examples where the Gentiles were leading in God's work in the Earth.	The ideal situation in the Earth, according to Isaiah 19:24, is Israel implementing the Israel of God.

The present generation will die off, effectively ridding future generations of the present false concepts regarding the future.

The Jews began to congregate in Israel in the 19th century, preparing the way for Israel to be born on May 14th, 1948, the day David Ben-Gurion announced Israel's independence. ^{3b} To think of all the challenges and obstacles the Jews in Israel had in their early days or even today. The surrounding nations have wanted to wipe them off the face of the Earth, but Israel has only continued to get stronger by the year.	The British Mandate decided to cease occupation in the Holy Land, leaving a vacuum of power, enabling the Jews to announce independence on May 14th, 1948. Hooray for Israel!
On the Wars	Israel gets all kinds of flack for fighting all these wars in these nearly eighty years, but they had to fight these wars for the sole purpose of surviving. The Arabs have lost around 170,000 casualties, with Israeli losses totaling a mere 16,000.	The IDF has the word "defense" in it for good reason; they are known for defending, not instigating these wars.
On Obstacles to Israel's Rise to Power	Imposing sanctions, boycotting Israeli businesses, and calling for divestments only end up as a laughingstock. No obstacle will succeed! Never has there been a country with so much blessing in front of them. What obstacles there are are only perceived, temporary obstacles. We've witnessed nearly 80 years of Israeli presence in the world, and their success only keeps skyrocketing continually.	Once all the Jews are saved, the amount of crime committed in Israel will be at an all-time low, a miracle in its own right.
Can the Nation of Israel Fall?	The nation of Israel has been promised to exist into perpetuity. Whether the Jews are saved or lost, Israel will remain into perpetuity. An Israel of God is an Israel that God approves of. When the Jews are in tune with God's will, Israel will be the Israel of God. We already have proof that Israel can exist as a non-Israel of God because Israel in its present state is a non-Israel of God.	The Israel of God comes out of Galatians 6:16. Again, the Israel of God refers to the Israel that God approves of.

On Israel's Outlook

TOPIC	EXPLANATION	NOTES
On Israel's Location	God gave Israel the land in the center of the Earth. In the 21st century, Israel's land is in the corner of Europe, Asia and Africa. Since Israel's ministry will span the globe, it would only make sense that Israel would sit in the center of the Earth.	During the upcoming supercontinent, Israel will be landlocked, not surrounded by bodies of water.
On Orthodox and Messianic Judaism	The Judaism that practices Judaism based out of the Torah that includes Jesus is the correct strand of Judaism. The upcoming Judaism will include a temple with sacrifices, according to Ezekiel 44-46 and Hebrews 10:11, to serve as a reminder of the sacrifice that Jesus was to us, according to Hebrews 10:3.	The ministry of the priests in the book of Hebrews as it concerns the sacrifices has the verb in the present tense.
On the Application	TO ISRAEL: Jews must accept Jesus Christ as Savior. Those who are already saved must do the best job possible in the Torah Observant Movement. The more Torah Observant the better.	Media in the 2020s accepts all kinds of accusations against Israel. Then people gang up on Israel. The bottom line is that the Arab world has wanted to eradicate Israel since May 14th, 1948, not since the Gaza-Israel war. Then they use Israel's responses as a pretense to attack again.
	TO THE ARAB WORLD: If you want peace in this present day, then stop attacking Israel.	
	TO EVERYONE ELSE: Be supportive of Israel. As Israel continues to gain momentum and influence in the world, do not fight it. Further, even though Israel is only an icon in the news today, this will not always be the case. They will gain influence in the world, and as they do, accept their influence and follow them, when need be. Israel will, hands down, be the nation with the most power, the most influence, and the one with the longest history.	
On the Next 5–30 Years	The 30-year outlook is quite simple: More Jews to return to Israel, more Jews will get saved, and they will win more wars with flying colors. Economic indicators will only continually get better.	Admittedly, we are quite early into Israel's history.
On the Next 100–1000 Years	Let God choose the time of Israel's peak. At Israel peaks, all the Jews will believe in Jesus Christ, the temple will be built, with them practicing Messianic Judaism and with them controlling of the globe.	Israel will not gain control of the globe by vote. They will take it.
On the Distant Future	When the Jews are not leading in God's work in the Earth, the torch will fall onto the Gentiles, as in the time period called Christianity. Christianity, a strand of the Jesus religion with the Jew absent, is one of many examples where the Gentiles were leading in God's work in the Earth.	The ideal situation in the Earth, according to Isaiah 19:24, is Israel implementing the Israel of God.

The present generation will die off, effectively ridding future generations of the present false concepts regarding the future.
